Friends-

Plans for summer broadcasting are being reviewed, and chances for approval are good. Tentatively, the broadcasting schedule is: 6 a.m. to Midnight, 7 days a week. I'm also happy to say that during these past few weeks we have been added to several small labels; thankyou all. You can be sure your product will be played at WRMC--The home of Alternative Music in the Champlain Valley!

Elvis Costello's 21-Song L.P., Get Happy, has made a big jump this time and grabbed the #1 spot, and is followed by the fine debut L.P. by the Specials. Prime Movers this time are: Professor Longhair, Billy Joel, The Squeeze, and Lene Lovich. Debut of the week at #13 is Frank Zappa's new single, "I don't want to get drafted." Until next time, keep your tuner on 91.7 MHz, wish for a miracle, and then you too can get into the "WRMC experience"...

Sincerely Yours

Dan

Friends-

I'm proud to say that the I.B.S. Convention was a great success for us. I'm glad to have met those of you who attended, and hope to meet more of you sometime in the near future. Special thanks this time to Dawn Livingston at RSO for donating the extra copies of The Kingbees for a mini-promo. We love to help promote various artists by giving away L.P.s. This one has been very successful. We'd love to do this again with other artists, so if you have some extra copies... please consider us.

The Clash's Double Album is on top of our playlist for the second time in a row, a first in my tenure as Music Director!! The Wall by Pink Floyd and a renewed interest in Damn The Torpedos (Tom Petty) were close competition, though. Big movers this time are: The Ramones, Elvis Costello, and The Specials. The highest debut this time is Argy Bargy by The Squeeze; it entered our charts at #11...the highest that I can remember. Until we meet(again), I remain...

Sincerely Yours

Hello again! It's been a while and I'm sorry for the delay. Our Folk/Bluegrass programming continues to increase and improve with the help and assistance of all of the record companies and musicians that we've had the pleasure to work with! The groups that will most likely be topping the next playlist aren't even on this one! As a result of a variety of tastes, our playlist continues to be fairly diversified each month. Once again, any info, promo/educational materials, announcments and/or catalogs are greatly appreciated! Our audience has been growing incredibly since we expanded our programming and we have been receiving a lot of positive feedback about our programs and of course about the quality material we are playing (Thanks so much to you!) Thanks for the time, consideration and most of the fantastic music!!!

Friends....

Hello again from the Champlain Valley, where the music continues to play 17 hours a day. Our groove will continue for one more playlist, then it's off the air for a couple of weeks for renovations, as the summer school shuttles out, and the regular-year people move back in.

Colin Winski's presription of Rock Therapy seems just the thing to cure those summertime blahs....making the most noise on our Heavy playlist this week, along with the Motels. Otherwise, the top ten are just about the same.

On the Medium 'list, Iron City 'Rockers, Jackson Browne, Rossington Collins Band, Dave Davies, and the Lamont Cranston Band are the big movers. Picking up steam on the Light list are Poco, the Cramps, T-Bone Burnett, and the Fame soundtrack...a diverse list to be sure.

About all for now.....thanks for the records and feedback!!

Sincerely,

Benjamin K. Roe, Therapist-in-charg

Howdy, howdy, howdy...and that ain't my finger either. This concludes our emergency summer broadcast. That's the weather, this is the time, now stay tuned for more metal action as we approach a new year of academic excellence. I certainly ain't Haig, but he will be back come September 7 or so, try him then. In the meanwhile, I'd like to thank everyone who kept me happy with the stream of goodies and, more importantly, good music. This definitely ain't much of a swan song, but remember, black t-shirts are cool and I'm not, no matter what your friends say. And, in the words of Oderus Urungus, "We're rockin' now..."

SURE-FIRE SUMMER SUCCESSES: elvis costello, the farm, siouxsie, 1,000 homo d.j.s, marshall crenshaw, this mortal coil, de la soul, mecca normal, milltown brothers, my life with the thrill kill kult, reivers, i love you, residents, rein sanction, polvo, low max, deception bay, jawbox, the snakes, stress, bleach, the chemistry set. Unfortunately my metal and urban managers (the scum) took off after finals without leaving me any playlists, but be assured all you promotional types that all releases are played to some degree here on Vermont's finest. RMC will return to the airwaves June 17th for the summer session, so you folks can start calling in soon after. I'll be a-handlin' all the music chores through the dog days and I hate to be bored, so keep me busy and send your stuff. I'd especially like to hear from all the foreign labels we just added to our mailing list. Later.

SURE-FIRE SUMMER SUCCESSES: elvis costello, the farm, siouxsie, 1,000 homo d.j.s, marshall crenshaw, this mortal coil, de la soul, mecca normal, milltown brothers, my life with the thrill kill kult, reivers, i love you, residents, rein sanction, polvo, low max, deception bay, jawbox, the snakes, stress, bleach, the chemistry set. Unfortunately my metal and urban managers (the scum) took off after finals without leaving me any playlists, but be assured all you promotional types that all releases are played to some degree here on Vermont's finest. RMC will return to the airwaves June 17th for the summer session, so you folks can start calling in soon after. I'll be a-handlin' all the music chores through the dog days and I hate to be bored, so keep me busy and send your stuff. I'd especially like to hear from all the foreign labels we just added to our mailing list. Later.

Matt Hunter, Music Director

words from the music director

just a few things

1.) if the mailing address is wrong, if "attention" should be followed by a particular name, if you have no need of recieving our playlists, or if you just have something to say, please call or drop me a line.

2.)urban/beat box promotional types: urban reporting will return in late September.

3.)we're going off on August 16, and returning as soon as poossible after September 11, probably Monday, September 23.

4 and last.)i'm stepping up to station manager/supreme dictator in September and **Dave Anderson** will be assuming the music director post. No clue yet on the other managerial positions (metal, jazz, urban contemp, etc.) but Dave will be able to help you put until that's all set.

tea and crumpets,

Friends-

This playlist reflects WRMC's diversity of musical programming. This Master Playlist features 5 jazz albums, 1 blues album, and 1 reggae album. Unfortunately, our collections of the latter two are very small. If you can help us in those categories, we would be grateful.

Fear of Music, the Talking Heads' newest release, is still holding and has finally toppled the top spot. New album specials during these last two weeks include J. Geils Band's Love Stinks and Arthur Blythe's In the Tradition. Until next time I remain...Sincerely Yours,

Dan Newberry, Music Director
